[The stamps to be sold are chiefly
two cent American stamps...]

The stamps to be sold are chiefly two cent
American stamps, although they include a
considerable number from all countries
& of all denominations, put up in
packages of 100. They have been collected
for some time past by many different persons,
but were detached from the envelopes & put
up in packages of 100 by two persons - ladies -
especially interested in the matter.
Awaiting an early reply & hoping for a favorable
bid from truly, J Wagner
